1 plant \$8.50 Two \$15.00 Three \$20.00

### Hybrid Cattleyas, Blooming Size

1 plant \$8.50 Two \$15.00 Three \$20.00

### Assorted Hybrids, Blooming Size

1 Cattleya, 1 Cypripedium, 1 Cymbidium \$20.00

We will carefully select these plants and they will be the only ones of their kind available.

This is our fall and winter 1957 and 1958 general offering. This represents but a small portion of our stock and we plan on supplementing this list with a larger list of each genera which will also contain exhibition quality plants where only one or two of any certain plant may be available. For anyone interested in these additional lists, drop us a card giving the genera you are interested in.

All items are offered subject to prior sale. Plants will be shipped out of pots postpaid to destination, via Parcel Post. We pay the postage. If you desire the plants shipped any other way or in pots they will be shipped F.O.B. Seattle Heights, Washington. For foreign shipments, we will make a partial allowance of freight, paying the equivalent as if the shipment were going to the eighth Parcel Post zone.

In this listing you will notice we have given the leaf length rather than the pot size in most items. We are using bark, and with its use the pot size does not mean much. We heavily recommend the use of bark and have had very good success with it; however, by shipping plants it presents a problem since it falls off the roots when the plants are shipped, especially when they have not been potted for too long a period. These plants are shipped in polyethylene bags which we have found to be a very good way to handle them, together with the bark that is necessary to repot the plant upon receipt. Should any person desire to have plants in osmunda rather than bark, we will be glad to pot them here upon receipt of the order and ship them as soon as they have become established in the osmunda.

Satisfaction is guaranteed. If for any reason you are unhappy with the plants received, let us know and we will endeavor to adjust the difficulty. We also assure safe arrival in good condition. Shipments at times may be held up temporarily due to weather conditions.

If at any time you are in our area we would be very happy to have you visit our greenhouse. We are open every day except Wednesday. On Sunday our hours are from 1:30 p.m. to 5 p.m., the rest of the week from 10 a.m. to 5 p.m. In addition, we are glad to have you visit at any time by special appointment.

The following Quantity Discounts will apply to items in this listing with the exception of the Special Offerings and Charges for Flasking of Seed:

\$100 to \$250

10%

\$250 and over

20%

We are the Western Representatives for Black & Flory, Ltd., Slough, Bucks, England. We are glad to quote you on their items that we have here in stock. If we do not have what you may be interested in, we can arrange to have them quote you directly. A number of the plants on this list are their originations.
